Spotlight on Safety

**Policies, Practices, and
Procedures**

Millbrook High School

70 Church Street
Millbrook, NY 12545

What do I do if I feel unsafe?

See
Something?
Hear
Something?
Say
Something!

677-2510

What if I am in the hallway during a fire alarm? Evacuate the building immediately. Find your supervising teacher outside of the building and communicate your whereabouts to faculty/staff member.

What if I am in the hallway during a lockdown? Proceed to the nearest area to seek shelter. Hide and remain quiet.

What if I am outside of the building during a fire alarm? Do not re-enter the building. Remain outside and report your whereabouts to a faculty/staff member.

What if I am outside of the building during a lockdown? Do not approach the building. Seek shelter in a nearby district building or business. DO NOT APPROACH A BUILDING IN DISTRESS.

Front Door Monitoring All visitors to the High School must be buzzed in by Main Office personnel and are directed to the appropriate areas.

ID Badges are worn by all school personnel

Surveillance Cameras at MHS provide school-wide coverage of student activity in the halls, cafeteria, and outside areas.

Safety Committees in each school meet regularly to discuss issues, create action plans, and coordinate with the district office.

Fire/Evacuation Drills are conducted, as required by law each fall and spring. Additional evacuation drills are conducted to train students to respond in the event of more unusual situations.

Lockdown Drills are practiced to train students and staff to react to immediate threats within the building.

Hold in Place Drills are practiced to train students and staff to remain safe in the building while instruction continues.
